

Summary of the outcomes of the LGB Meeting 11.07.2024

A meeting of the Stoke Park Primary School – Local Governing Body was held on Thursday 11th July 2024 @ 4pm. Full minutes of the meeting are available on request.

Local Governors of the School:

- Welcomed Tom Bowley and Jenn Ross as parent governors of Stoke Park Primary School Local Governing Body. Both have children attending the school.
- Bid farewell to William Bombroff who retired as Lead Health & Safety Governor.
- Heard about the impact of low attendance and the government changes to attendance rules from September.
- Heard about the results of the end of year assessments and what the school is doing to improve results for next year in KS2.
- Discussed pressures on current and future school finances. There have been several reasons for overspending this year, including the need to replace the school's hot water heater, kitchen ovens needing repair and fewer children than expected in nursery. Next years situation is likely to be similar with the heating boiler needing to be replaced and the nursery numbers are still lower than expected.
