

Stoke Park Primary Whole School Challenge

We thought it would be lovely to create a challenge for all of the children from Nursery to Year 6 to take part in each week. The Challenge will be set every Monday morning and we would like you to send a photo or video of the finished challenge by the end of each week to your class teacher.

Challenge 2

This week the **Stoke Park Challenge** is *A Winter Scavenger Hunt*

You will need to be on the look out for the items on the Scavenger hunt list. You can do this in your garden or when you go out for a walk.

You can photograph, collect or draw the items you find on your winter scavenger hunt. There is a space for you to write the date you spotted each item on the list.

You can print a Winter Scavenger Hunt sheet and tick and date when you have spotted the things on the list.

OR

You can print the blank sheet and draw your own items in the appropriate box.

Remember to

- go out for a walk with an adult
- don't pick berries – look only
- have fun

Email in your photos or videos by Friday 22nd.

We look forward to seeing photos of you out in nature and of the items you have collected.

A Pinecone

Date

A Robin

Date

Animal tracks/prints

Date

A feather

Date

A frosty leaf

Date

A frozen puddle

Date

A squirrel

Date

A tree with no leaves

Date

Berries on a tree or bush

Date

Signs of spring (bud)

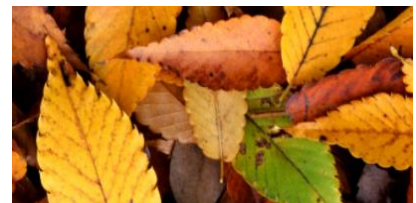

Date

An interesting stone
(Think texture and shape)

Date

A leaf (brown, red, yellow or orange)

Date

Draw your own findings
